"I have just completed year 1 of Community Governance Level 4 and have learned so much already. Whilst CILCA gives you a great grounding in the role of the clerk, this takes it to another level. I feel much more confident about the advice I offer councillors and how best to support them in running the council. I was hesitant about starting this, but have no regrets – whilst it is hard work it has been thoroughly enjoyable. Meeting fellow clerks on the same journey has been an enormous support, and continues to be with the day to day queries that are part of our normal day in the office."

Samantha Heynes PSLCC, Cuckfield Parish Council

'The Community Governance courses are a must for any professional clerk. They have been invaluable in building my skills, experience and confidence, and have also been a great way to meet other clerks.'

Sheridan Jacklin-Edward PSLCC, Henley On Thames Town Council

'Having been a town clerk for 15 years, I naively thought that I knew about most council business and procedures but this course has been enlightening, interesting and rewarding. I have learnt so much in the past 18 months and have used this to improve business and policies at my Town Council. I have actively put into practice new skills, examples being the introduction of a new employee and councillor training policy along with a review of the Council's community engagement programme. Don't be under any illusion, it is hard work, if it were easy, the degree would be handed out like smarties. You have to put in the time and energy but the reward is a more knowledgeable, informed and professional clerk.'

Lisa Courtney, Saffron Walden Town Council

"Having undertaken a degree straight out of sixth-form, the last thing on my mind would be to do another. However, with the flexible learning style of distance learning and subjects directly related to my job I thought – why not? At Level 4 of the Community Governance Degree, the Local Council Law & Procedures Module has enabled me to tighten up on our processes. As a fairly new manager, the Managing People module has been me feel more confident in tackling staff issues whilst at the same time making sure we do right by our staff. No one could have predicted the Covid-19 pandemic but I think everyone, from us students to the teaching staff have adapted really well and despite not being able to meet in person, we have had access to them through virtual tutor groups and module seminars and even managed the odd couple of virtual socials (without the hangover!) – if anyone has the chance to start their Community Governance journey and are hesitant – don't be – the support you get, the friends you make and the knowledge you gain is second to none!"

Andrew McKenzie PSLCC, Town Clerk, Dawlish Town Council
